

# Hunt Staff Benefit Society

This year three Christmas Cards have been produced in aid of the Hunt Staff Benefit Society, following the success of the last few years. We hope that as many people as possible will support the Society by purchasing them.

All money raised from the sale of the Cards helps to boost the pensions the Society provides for retired Hunt Staff and will also add value to the future pensions for current Hunt Staff. It is particularly important in these uncertain times for Hunting to ensure that the Hunt Staff who work so hard to provide sport are well looked after in their retirement. The images on the Christmas Cards have been very kindly donated to the Society by H.R.H. The Prince of Wales, Daniel Crane and Mary Ann Rogers.
